Actual result

Actual result:

The response contains exactly two sentences in Brazilian Portuguese. It correctly preserves the library's general opening hours, the desk closure at noon for a system update, and the continued availability of reading rooms and computers until 18:00.

However, it omits that the borrowing and returns desk resumes service on December 11, 2026, at 08:00.

Expected result:

Include the desk's reopening date and time while preserving the other required information.

Assessment:

Criteria 1–5, 7, and 8: Passed.

Criterion 6: Failed due to omission of the reopening date and time.

Final result: Failed.
